THE IN-OFFICE DENTAL SAVINGS PLAN

The Dental Savings Plan provides significant cost savings on routine visits and most importantly, quality dental care in a comfortable environment. Lacking dental insurance should not prevent you from receiving the dental care necessary to preserve your smile.

The Dental Savings Plan is not dental insurance. It is not a discount plan. It is a membership plan allowing our patients to receive significant benefits and savings for treatment in our practice. The Dental Savings Plan membership benefits are available at our office exclusively.

We strongly believe in preventative dentistry as the best possible means of maintaining optimum oral health. Preventative care will help you maintain a healthy smile. When you come in for regular cleanings and check-ups, we can help you avoid many of the more extensive and expensive dental procedures.

LIMITATIONS & EXCLUSIONS

The Dental Savings Plan membership lasts 12 months. After the 12 month period, renewal payment is expected from the member on the original date of enrollment. If no payment is made, the Dental Savings Plan membership will be terminated with no refunds of fees.

Patients who are currently covered under a dental insurance plan are not eligible for membership (because of contractual restrictions placed on you and us by the insurance plan). Membership fees do not apply for treatment originating from a Workers Comp or Employer Liability Claims. If you become eligible and begin participation with a traditional Dental Insurance plan during membership, the Dental Savings Plan becomes null and void with no refund of fees or submission of claims for services under the Dental Savings Plan to your dental insurance plan.

Enrollment fees are non-refundable. If we determine we need to refer you to a specialist, the Dental Savings Plan does not apply to the treatment received from the specialist.

The Dental Savings Plan Fee is due in full upon joining. The Dental Savings Plan reduced fee schedule is expected to be paid at the time of service. There will be no refund of fees after services have been completed.

It is the sole responsibility of the members to maximize their benefits by arranging all appropriate appointments within the 12-month plan period. If the Dental Savings Plan benefits are not used, the member will not be entitled to a refund.
